Software QA engineer

Skills

— Test cases and checklists ([examples](#) available). Experience with Google Docs, TestRail, and Test IT.
— Bug reports ([examples of bugs and improvements](#)). Worked with Jira, Redmine, Mantis, Bugzilla. Most experienced with Redmine and Jira.

Key Competencies

— Test design (familiar with equivalence classes, boundary value analysis, orthogonal arrays, and pairwise testing; able to write use cases).
— Test analysis (decision tables, state transition diagrams).
— Exploratory testing (utilize Whittaker's tours, heuristics, and mnemonics).
— Agile methodologies (Kanban, retrospectives, scrum poker, stand-ups).
— Mind mapping (*[link to examples available](#)*).

Languages

— English language (Upper-Intermediate, able to communicate fluently).
— German language (B2 level, passed TestDaF, strong grammar skills).

Courses

— "Testing for beginners" (June-August 2024), trainers: Olga Nazina, Olga Alifanova [[course description](#) and [certificate link](#) available].

Work Experience

CodeZyabra
Software QA Engineer
June 2014 – January 2018
— Developed the pet project "Fast Fox game", a platformer game, in collaboration with an artist and a developer on the Unity 3D platform.
— Successfully released the game on Android and iOS.
— Actively worked on the project from 2014 to 2016, followed by support as needed.

Noveo Group

Software QA Engineer

September 2015 – October 2016

— Created test documentation, performed manual testing, and implemented API auto-tests using Postman.

— Prepared and clarified project specifications and technical requirements (T&Cs), aligned requirements with project stakeholders before starting the development process.

— Conducted interviews for new team members.

It Top

Software QA Engineer

2013 – 2014 (1 year)

— The first qa engineer in the company, performed manual testing of applications for iOS and Android.

— Later became the team lead for the iOS testing team.

— Prepared apps for publication in the AppStore.

— Trained new QA team members.

Education

Novosibirsk State University (NSU), Faculty of Physics

2009 – 2014
